Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 25 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning very windy with outbreaks of rain.

This Evening and Tonight:
Isolated showers drifting into coastal regions on Thursday evening. Cloud and more persistent rainfall, heavy at times, moves southwards overnight. Becoming windier, with local gales on coasts by the morning. Feeling chilliest in the evening with an early frost. Minimum temperature 2 deg C (36 deg F).

Friday:
Rain clearing the region by mid-morning with brighter skies and blustery showers following, primarily along the coast. Widely windy, with Storm Arwen bringing severe coastal gales into the evening. Maximum temperature 9 deg C (48 deg F).

Outlook for Saturday to Monday:
Sunshine and showers on Saturday, some wintry over hills, but very windy and cold. Much lighter winds on Sunday, then turning cloudier and less cold through Monday with light rain.
